

FLY-WEIGHT EVO ALPINE SET

REF.NO. 2E692F1C0S

A compact, ultra light (only 70 g) and versatile quickdraw intended both for trad and sport climbing.

Conceived to make sure the rope runs correctly over roofs, aretes, on traverses or simply to ensure spacing from the rock. Can be used as a 60 cm long quickdraw or quickly converted to 30 cm length.

Consists of two FLY-WEIGHT EVO karabiners and a 60 cm long Dyneema 10 mm sling.
